

# Announcing the *NEW* **BusTracks**<sup>™</sup>

Transportation Management Services

*New looks, new products, new software features, and much more!*

Bustracks Student Transportation Software<sup>™</sup>

## **Designed to easily manage all daily transportation operations and routing.**

Transportation costs for Pennsylvania school districts increased an average of 68% over the past ten years. However, school districts that used Bustracks software during this time to manage their transportation costs saw average increases 20% lower.

eTracks Reporting System<sup>™</sup>

## **Providing detailed reporting and expertise in maximizing district revenue.**

For the past two years, Pennsylvania school districts using Bustracks Software<sup>™</sup> have averaged over 7.8% greater Pennsylvania transportation reimbursement subsidy than districts that do not use Bustracks to manage their transportation reimbursement.

Bustracks Consulting Services<sup>™</sup>

## **Offering "one-on-one" professional route and redistrict analysis.**

Many school districts that used Bustracks Consulting Services<sup>™</sup> to analyze their routes and realign their district have seen considerable reductions in total daily miles (costs), rider minutes (safety), and the number of vehicles needed (costs).

Bustracks GPS Plus<sup>™</sup>

## **Vehicle tracking that automatically captures loaded and unloaded route mileage.**

The Bustracks GPS Plus<sup>™</sup> takes standard GPS technology one step further. When linked with the Bustracks Student Transportation Software, it will automatically capture bus route miles with and without riders and record them without any manual data entry.
